

QUALITY & SAFETY IN HEALTH CARE

August 2004 Vol 13 No 4

Contents

Editorials

- 242 Analysis of clinical incidents: a window on the system not a search for root causes
C A Vincent
- 243 Using statistical process control to improve the quality of health care
M A Mohammed

Commentaries

- 246 Waking up to chronic care
L Gask
- 247 Developing and implementing organisational practice that delivers better, safer care
W Reid
- 248 Developing quality indicators to assess quality of care
A Clarke, M Rao
- 249 FMEA and RCA: the mantras of modern risk management
J W Senders

Original articles

- 251 Use of medical emergency team responses to reduce hospital cardiopulmonary arrests
M A DeVita, R S Braithwaite, R Mahidhara, S Stuart, M Foraida, R L Simmons, and members of the Medical Emergency Response Improvement Team (MERIT)
- 255 Use of medical emergency team (MET) responses to detect medical errors
R S Braithwaite, M A DeVita, R Mahidhara, R L Simmons, S Stuart, M Foraida, and members of the Medical Emergency Response Improvement Team (MERIT)
- 260 Developing quality indicators for older adults: transfer from the USA to the UK is feasible
N Steel, D Melzer, P G Shekelle, N S Wenger, D Forsyth, B C McWilliams
- 265 Design of a safer approach to intravenous drug infusions: failure mode effects analysis
M Apkon, J Leonard, L Probst, L Delizio, R Vitale
- 272 Sources of variability in uncertain medical decisions in the ICU: a process tracing study
O Kostopoulou, M Wildman

- 281 Electronic reporting to improve patient safety
D Tuttle, R Holloway, T Baird, B Sheehan, W K Skelton
- 287 Assessing organisational development in primary medical care using a group based assessment: the Maturity Matrix™
G Elwyn, M Rhydderch, A Edwards, H Hutchings, M Marshall, P Myres, R Grol

Quality improvement report

- 295 Sustaining better diabetes care in remote indigenous Australian communities
R McDermott, F Tulip, A Sinha

Developing research and practice

- 299 Improving the quality of health care for chronic conditions
J E Epping-Jordan, S D Pruitt, R Bengoa, E H Wagner

Error management

- 306 Adverse drug events and medication errors: detection and classification methods
T Morimoto, T K Gandhi, A C Seger, T C Hsieh, D W Bates

Heroes and martyrs of quality and safety

- 315 Shuffle the deck, flip that coin: randomization comes to medicine
D Neuhauser, M Diaz

JournalScan

- 317 Compiled by Tom Smith

Miscellanea

- 250 Echo: Guidelines based on presenting problems cut invasive procedures in children with diarrhoea or seizures
- 298 Echo: Patients value information about benefits and risks before cataract removal
- 305 Echo: A unified approach to clinical testing in acute medical admissions may protect health resources
