

QUALITY & SAFETY IN HEALTH CARE

October 2004 Vol 13 No 5

Contents

Editorials

- 322 What should we report to medical error reporting systems? *S M Dovey, R L Phillips*
- 323 Pay for performance: the best worst choice *M L Millenson*
- 325 The volume-quality relationship: insufficient evidence for use as a quality indicator *T A Sheldon*

Commentaries

- 327 Why communication fails in the operating room *J Firth-Cozens*
- 328 Prescribing how NHS trusts "do" quality: a recipe for committees but little action? *P M Whitty*
- 329 Making sure the right patient gets the right care *C A Ranger, S Bothwell*

Original articles

- 330 Communication failures in the operating room: an observational classification of recurrent types and effects *L Lingard, S Espin, S Whyte, G Regehr, G R Baker, R Reznick, J Bohnen, B Orser, D Doran, E Grober*
- 335 Achieving progress through clinical governance? A national study of health care managers' perceptions in the NHS in England *T Freeman, K Walshe*
- 344 Acceptability of identification bracelets for hospital inpatients *A Cleopas, V Kolly, P A Bovier, P Garnerin, T V Perneger*
- 349 Patient reports of adverse events associated with acupuncture treatment: a prospective national survey *H MacPherson, A Scullion, K J Thomas, S Walters*
- 356 RCGP Quality Team Development programme: an illuminative evaluation *F Macfarlane, T Greenhalgh, T Schofield, T Desombre*

- 363 Safety of telephone consultation for "non-serious" emergency ambulance service patients *J Dale, S Williams, T Foster, J Higgins, H Snooks, R Crouch, C Hartley-Sharpe, E Glucksman, S George*
- 374 Patients' experiences of an open access follow up arrangement in managing inflammatory bowel disease *A Rogers, A Kennedy, E Nelson, A Robinson*
- 379 Does it matter what a hospital is "high volume" for? Specificity of hospital volume-outcome associations for surgical procedures: analysis of administrative data *D R Urbach, N N Baxter*

Quality improvement report

- 384 Use of a preprinted sticker to improve the prescribing of prophylactic antibiotics for hip fracture surgery *S Ritchie, N Scanlon, M Lewis, P N Black*

Developing research and practice

- 388 Beyond usability: designing effective technology implementation systems to promote patient safety *B-T Karsh*

Classic paper

- 395 Effectiveness of a simulator in training anesthesiology residents *S Abrahamson, J S Denson, R M Wolf*
- 397 Commentary *W R Hamman*

Effectiveness bulletin

- 400 Management of colorectal cancers *R Lewis, A Flynn, M E Dean, A Melville, A Eastwood, A Booth*

Miscellanea

- 348 Echo: Capturing the full story is essential for good care
- 355 Echo: Changing clinical behaviour by making guidelines specific
