

Journal of the Institute of Medical Ethics

EDITOR: **RAANAN GILLON**

is a leading international journal in the field of medical ethics. It publishes interdisciplinary articles on ethical aspects of health care. Contributions to the journal originate in many countries and disciplines, and all undergo rigorous assessment. In addition to publishing original articles it provides a forum for reasoned debate on ethical issues. Case conferences, editorials, book reviews, correspondence and news and notes are also included. Occasional series focus on teaching medical ethics, experiences of medico-moral dilemmas ("At the Coalface") and medical ethics in literature.
