

## Contents

August 2008 Vol 17 No 4

### Editorial

- 234** Healthcare system error: beyond apology  
*D P Stevens*

### Commentaries

- 236** Making a blood transfusion safe: vigilance and audit  
*T C Gordon-Smith*
- 237** Quality of dying—how are we doing?  
*R D MacLeod*

### Original research

- 239** Changes in practice and organisation surrounding blood transfusion in NHS trusts in England 1995–2005  
*C J C Taylor, M F Murphy, D Lowe, M Pearson*
- 244** Quality of dying in a New Zealand teaching hospital  
*J L Glasgow, S R McLennan, K J High, L A G Celi*
- 249** Peer support: healthcare professionals supporting each other after adverse medical events  
*F van Pelt*
- 253** Detection of adverse events in surgical patients using the Trigger Tool approach  
*F A Griffin, D C Classen*
- 259** Analysis of 23 364 patient-generated, physician-reviewed malpractice claims from a non-tort, blame-free, national patient insurance system: lessons learned from Sweden  
*K Pukle-Härenstam, J Ask, M Brommels, J Thor, R V Penalzoza, F A Gaffney*

- 264** Impact of NICE guidance on rates of haemorrhage after tonsillectomy: an evaluation of guidance issued during an ongoing national tonsillectomy audit  
*National Prospective Tonsillectomy Audit*
- 269** Implementation of proven interventions in general medical inpatients: development and evaluation of a new quality indicator for drug therapy  
*C Huang, P Loewen, T Pelletier, J Slater, M Chung*

- 275** The Team Climate Inventory: application in hospital teams and methodological considerations  
*M Ouwens, M Hulscher, R Akkermans, R Hermens, R Grol, H Wollersheim*
- 281** Accuracy in the recording of pressure ulcers and prevention after implementing an electronic health record in hospital care  
*L Gunningberg, M Fogelberg Dahm, A Ehrenberg*
- 286** Medication errors reported by US family physicians and their office staff  
*G M Kuo, R L Phillips, D Graham, J M Hickner*
- 291** Developing quality indicators for general practice care for vulnerable elders; transfer from US to The Netherlands  
*E van der Ploeg, M F I A Depla, P Shekelle, H Rigter, J P Mackenbach*

### Developing research and practice

- 296** Guideline implementation in allied health professions: a systematic review of the literature  
*S Hakkennes, K Dodd*
- 301** Use of statistical process control charts in stroke medicine to determine if clinical evidence and changes in service delivery were associated with improvements in the quality of care  
*G R Henderson, G E Mead, M L van Dijke, S Ramsay, M A McDowall, M Dennis*

### Error management

- 307** “Every error counts”: a web-based incident reporting and learning system for general practice  
*B Hoffmann, M Beyer, J Rohe, J Gensichen, F M Gerlach*

### International Forum on Quality and Safety, April 2008, Paris, France
