Contents

Editorial
i1  The European HANDOVER Project: a multi-nation program to improve transitions at the primary care—inpatient interface  I Philibert, P Barach
i6  The European HANDOVER project: the role of nursing  S M Moore

Viewpoint
i9  The patient handover as an entrustable professional activity: adding meaning in teaching and practice  O ten Cate, J Q Young
i13  Fragmented care: a practicing surgeon’s response  P J Fabri
i16  Fragmented care in the era of limited work hours: a plea for an explicit handover curriculum  M Wohlauer
i19  Technology support of the handover: promoting observability, flexibility and efficiency  E S Patterson

Research and reporting methodology
i22  Conducting a multicentre and multinational qualitative study on patient transitions  J K Johnson, P Barach, M Vernooij-Dassen, on behalf of the European HANDOVER Research Collaborative

Original research
i29  Evaluation of a predevelopment service delivery intervention: an application to improve clinical handovers  G L Yao, N Novielli, S Manaseki-Holland, Y-F Chen, M van der Klink, P Barach, P J Chilton, R J Lifford, on behalf of the European HANDOVER Research Collaborative
i39  Are patients discharged with care? A qualitative study of perceptions and experiences of patients, family members and care providers  G Hesselink, M Fabre, M Olsson, P Barach, E Diadze-Urhahne, C Orrego, C Toccafondi, C Kallman, J K Johnson, L Schoonhoven, M Vernooij-Dassen, H Wollersheim, on behalf of the European HANDOVER Research Collaborative
i50  Mapping and assessing clinical handover training interventions  S Stoyanov, H Boshuizen, O Greene, M van der Klink, W Kicken, H Drachsler, P Barach
i58  The collaborative communication model for patient handover at the interface between high-acuity and low-acuity care  G Toccafondi, S Abdelazim, R Tartaglia, S Gaddi, A Molisso, P Vennema, A Pers, F Perulli, E Magnelli, M Librenti, M Morelli, P Barach

i67  “It’s like two worlds apart”: an analysis of vulnerable patient handover practices at discharge from hospital  R O Greene, C Orrego, R Suitko, P Barach, O Greene
i76  Beliefs and experiences can influence patient participation in handover between primary and secondary care—a qualitative study of patient perspectives  M Flisk, G Odén, H Hansagi, P Barach, M Olsson
i84  Handover training: does one size fit all? The merits of mass customisation  W Kicken, M Van der Klink, P Barach, H P A Boshuizen
i89  The key actor: a qualitative study of patient participation in the handover process in Europe  M Flisk, G Hesselink, L Piņķenieks, H Wollersheim, M Vernooij-Dassen, E Diadze-Urhahne, C Orrego, C Toccafondi, L Schoonhoven, Peter J Galdeman, J K Johnson, G Odén, H Hansagi, M Olsson, P Barach, on behalf of the European HANDOVER Research Collaborative
i97  Searching for the missing pieces between the hospital and primary care: mapping the patient process during care transitions  J K Johnson, J M Fatman, P Barach, G Hesselink, H Wollersheim, L Piņķenieks, C Kallman, V M Aroza, on behalf of the European HANDOVER Research Collaborative
i106  Stakeholder perspectives on handovers between hospital staff and general practitioners: an evaluation through the microsystems lens  B Göbel, D Zwart, G Hesselink, L Piņķenieks, P Barach, C Kallman, J K Johnson
i114  The Handover Toolbox: a knowledge exchange and training platform for improving patient care  H Drachsler, W Kicken, M van der Klink, S Stoyanov, H P A Boshuizen, P Barach
i121  Context, culture and (non-verbal) communication affect handover quality  R M Frankel, M Hansag, P Ebright, A Bergman, C M O’Brien, Z Frankel, A Allen, A Harris, J J Saleem
