Commentary
449 Creating new realities in healthcare: the status of simulation-based training as a patient safety improvement strategy
E Salas, J T Paige, M A Rosen

Viewpoint
453 Unannounced in situ simulations: integrating training and clinical practice
S T Walker, N Sevdalis, A McKay, S Lambden, S Gautama, R Aggarwal, C Vincent

Original research
459 Leaders’ and followers’ individual experiences during the early phase of simulation-based team training: an exploratory study
L Meurling, L Hedman, L Felländer-Tsai, C-J Wallin

468 In situ simulation: detection of safety threats and teamwork training in a high risk emergency department
M D Patterson, G L Geis, R A Falcone, T LeMaster, R L Wears

478 Contextual information influences diagnosis accuracy and decision making in simulated emergency medicine emergencies
A P McRobert, J Causer, J Vassiliadis, L Watterson, J Kwon, M A Williams

485 Systematic simulation-based team training in a Swedish intensive care unit: a diverse response among critical care professions
L Meurling, L Hedman, C Sandahl, L Felländer-Tsai, C-J Wallin

495 Simulation training for improving the quality of care for older people: an independent evaluation of an innovative programme for inter-professional education
A J Ross, J E Anderson, N Kodate, L Thomas, K Thompson, B Thomas, S Key, H Jensen, R Schiff, P Jaye

507 High-reliability emergency response teams in the hospital: improving quality and safety using in situ simulation training
D S Wheeler, G Geis, E H Mack, T LeMaster, M D Patterson

Innovations in education
516 Errors as allies: error management training in health professions education
A King, M G Holder Jr, R A Ahmed

Miscellaneous
520 Correction

June 2013 Volume 22 Issue 6
