

Contents

February 2015 Volume 24 Issue 2

Editorials

- 89** Low value cardiac testing and Choosing Wisely
R S Bhatia, W Levinson, D S Lee
- 92** Improvement and evaluation *R L Wears*
- 95** What is a performance outlier? *D M Shahian, S-L T Normand*

Viewpoints

- 100** A 'work smarter, not harder' approach to improving healthcare quality *C W Hayes, P B Batalden, D Goldmann*
- 103** Advancing the science of measurement of diagnostic errors in healthcare: the Safer Dx framework
H Singh, D F Sittig

Original research

- 111** A combined teamwork training and work standardisation intervention in operating theatres: controlled interrupted time series study *L Morgan, S P Pickering, M Hadi, E Robertson, S New, D Griffin, G Collins, O Rivero-Arias, K Catchpole, P McCulloch*
- 120** Effectiveness of facilitated introduction of a standard operating procedure into routine processes in the operating theatre: a controlled interrupted time series *L Morgan, S New, E Robertson, G Collins, O Rivero-Arias, K Catchpole, S P Pickering, M Hadi, D Griffin, P McCulloch*
- 128** Better-than-average and worse-than-average hospitals may not significantly differ from average hospitals: an analysis of Medicare Hospital Compare ratings *S M Paddock, J L Adams, F H de la Guardia*
- 135** Self-reported patient safety competence among Canadian medical students and postgraduate trainees: a cross-sectional survey *P Doyle, E G VanDenKerkhof, D S Edge, L Ginsburg, D H Goldstein*
- 142** Adverse events in patients with return emergency department visits *L Calder, A Pozgay, S Riff, D Rothwell, E Youngson, N Mojaverian, A Cwinn, A Forster*

Short report

- 149** Use of non-indicated cardiac testing in low-risk patients: Choosing Wisely *C H Colla, T D Sequist, M B Rosenthal, W L Schpero, D J Gottlieb, N E Morden*

Innovations in education

- 154** Driven to distraction: a prospective controlled study of a simulated ward round experience to improve patient safety teaching for medical students *I Thomas, L Nicol, L Regan, J Cleland, D Maliepaard, L Clark, K Walker, J Duncan*

Point-counterpoint

- 162** Patient safety is not elective: a debate at the NPSF Patient Safety Congress *P McTiernan, R M Wachter, G S Meyer, T K Gandhi*

Narrative review

- 167** 'Choosing Wisely': a growing international campaign *W Levinson, M Kallewaard, R S Bhatia, D Wolfson, S Shortt, E A Kerr, On behalf of the Choosing Wisely International Working Group*

Correspondence

- 175** Confounding explains 'deaths avoided'
J M van Schalkwyk
- 175** Measuring the true impact of an electronic physiological surveillance system (EPSS) *D Shaw, J Blakey, J Rylance*
- 176** Impact of introducing an electronic physiological surveillance system on hospital mortality *P E Schmidt, P Meredith, D R Prytherch, D Watson, V Watson, R M Killen, P Greengross, M A Mohammed, G B Smith*
- 178** Moving from Safety I to Safety II, but what about the media? *N Woodier*
