

Contents

Editorials

- 701** Sounds good: the bright future of clinical alarm management initiatives *H Ruppel, C P Bonafide*
- 704** Allowing failure so trainees can thrive: the importance of guided autonomy in medical education *R B Atkinson, D S Smink*
- 706** Leveraging electronic health record data to improve sepsis surveillance *C N Shappell, C Rhee*

Viewpoint

- 711** Coproduction: when users define quality *G Elwyn, E Nelson, A Hager, A Price*

Original research

- 717** Time series evaluation of improvement interventions to reduce alarm notifications in a paediatric hospital *C M Pater, T K Sosa, J Boyer, R Cable, M Egan, T K Knilans, A C Schondelmeyer, C L Schuler, N L Madsen*
- 727** "Whatever you cut, I can fix it": clinical supervisors' interview accounts of allowing trainee failure while guarding patient safety *J M Klasen, E Driessen, P W Teunissen, L A Lingard*
- 735** Validation of automated sepsis surveillance based on the Sepsis-3 clinical criteria against physician record review in a general hospital population: observational study using electronic health records data *J K Valik, L Ward, H Tanushi, K Müllersdorf, A Ternhag, E Aufwerber, A Färnert, A F Johansson, M L Mogensen, B Pickering, H Dalianis, A Henriksson, V Herasevich, P Nauclér*
- 746** Logic model framework for considering the inputs, processes and outcomes of a healthcare organisation—research partnership *A A Tabriz, S A Flocke, D Shires, K E Dyer, M Schreiber, J Elston Lafata*

September 2020 Volume 29 Issue 9

- 756** Applying thematic synthesis to interpretation and commentary in epidemiological studies: identifying what contributes to successful interventions to promote hand hygiene in patient care *N Drey, D Gould, E Purssell, J Chudleigh, D Moralejo, R Gallagher, A Jeanes, N Wigglesworth, D Pittet*
- 764** How can patient-held lists of medication enhance patient safety? A mixed-methods study with a focus on user experience *S Garfield, D Furniss, F Husson, M Etkind, M Williams, J Norton, D Ogunleye, B Jubraj, H Lakhdari, B D Franklin*

Short report

- 774** When do trials of diabetes quality improvement strategies lead to sustained change in patient care? *E L Kearsley-Ho, H Y Yang, S Karunanathan, C Laur, J M Grimshaw, N M Ivers*

Correspondence

- 777** Communication and resolution programmes need to be effectively marketed to leadership and stakeholders *D Wojcieszak*
- 779** Key marketing message for communication and resolution programmes: the authors reply *T H Gallagher, R C Boothman, L Schweitzer, E M Benjamin*

Quality & safety in the literature

- 780** Quality and safety in the literature: September 2020 *N Houchens, A Gupta*

Electronic page

- e1** Correction: *Value of small sample sizes in rapid-cycle quality improvement projects*
