Clusters randomised (n=36 wards)

Allocated to intervention (n=18 wards)
  Received allocated intervention (n=18 wards)
    Lost to follow-up (n=0)
      Analysed (n=18 wards, 548 beds, Range 20-46 beds)
      Excluded from analysis (n=0)

Allocated to control (n=18 wards)
  Received allocated intervention (n=18 wards)
    Lost to follow-up (n=0)
      Analysed (n=18 wards, 546 beds, Range 21-46 beds)
      Excluded from analysis (n=0)
