

## Contents

### Editorials

- 617** The opioid prescribing problem: an opportunity to embed rigorous evaluation within initiatives to improve population healthcare *S Alderson, N M Ivers, R Foy*
- 620** Moving upstream to address diagnostic disparities *D M Connor, G Dhaliwal*

### Original research

- 623** Reducing opioid use for chronic non-cancer pain in primary care using an evidence-based, theory-informed, multistrategic, multistakeholder approach: a single-arm time series with segmented regression *A K Moffat, J Apajee, V T Le Blanc, K Westaway, A Q Andrade, E N Ramsay, N Blacker, N L Pratt, E E Roughead*
- 632** Addressing social determinants of health in primary care: a quasi-experimental study using unannounced standardised patients to evaluate the impact of audit/feedback on physicians' rates of identifying and responding to social needs *C Gillespie, J A Wilhite, K Hanley, K Hardowar, L Altshuler, H Fisher, B Porter, A Wallach, S Zabar*

## November 2023 Volume 32 Issue 11

- 644** Diagnostic error experiences of patients and families with limited English-language health literacy or disadvantaged socioeconomic position in a cross-sectional US population-based survey *S K Bell, J Dong, L Ngo, P McGaffigan, E J Thomas, F Bourgeois*
- 655** Engagement and fidelity of a cardiovascular disease prevention-focused digital health intervention in cardiology outpatient waiting rooms: a mixed-methods study *D Mcintyre, J Chiang, A Thiagalingam, A Tong, C K Chow*
- 665** Sustaining interventions in care homes initiated by quality improvement projects: a qualitative study *R Devi, G P Martin, J Banerjee, J RF Gladman, T Dening, A Barat, A L Gordon*

### Systematic review

- 676** Diagnostic error among vulnerable populations presenting to the emergency department with cardiovascular and cerebrovascular or neurological symptoms: a systematic review *S Herasevich, J Soleimani, C Huang, Y Pinevich, Y Dong, B W Pickering, M H Murad, A K Barwise*
